Kalyani Cast Tech Private Limited

Village :Mamria Thether ,Distt Rewari , Haryana (India)

(90 km. from International Airport, New Delhi)

Profile:

Kalyani Cast Tech Private Limited is an ISO 001:2001:2008 certified casting unit with in-house machining facility. The company is a Class A foundry as per IS 12117:1996 (reaffirmed 2007) approved by Govt. of India (Indian Railway).

Situated half a KM from Inland Container Depot (Dry Port) and 850km from Port of Mundra Gujarat

The company produces a wide range of castings confirming to Indian and International Standards / Specifications. The company has diverse cliental base including Indian Railways Mining, Cement, Chemical and Fertiliser plants, Power Industries and other engineering companies.

The company has adopted the No- Bake system of moulding and having automatic sand plant starting from Knock Out, Screening, Cooling and Mixing of sand.

Tight process and efficient methoding for quality castings are adopted in order to meet the requirement of the clients.

Production Facility :

- 2000 Kgs and 1000 Kgs Induction furnaces .
- Produce single casting from 20kg to 2000kg
- Automatic Sand reclamation system which include knock out system, sand screening, fluidised cooler and sand dryer systems.
- Continuous sand mixer of 10 TPH capacity for No bake system.
- Compaction and jolt moulding machine .
- Shot Blasting machines of 1.5 T hanger facility.
- Heat treatment furnace of 10 T capacity having automatic temperature control and recorders, with water quenching facility.
- Swing frame grinders, hand grinders, pneumatic chippers
- Welding and Air arc gouging machine
- Approved welders and welding procedures.
- Lathe Machine, Vertical Borer, Drilling and Milling Machines.

Quality Control Facilities

- ❖ Spectrograph.
- ❖ Metallurgical Microscope.
- ❖ UTM of 40 T capacity, Impact Test, Impact test at sub zero of - 45 C, Hardness tester, Portable hardness tester, Shadowgraph.
- ❖ All sand testing equipments.
- ❖ USFD, MPI and DP test facility.
- ❖ Radiography facility.

Major Industries catered to

- ❖ Indian Railways
- ❖ Mining Mineral Process.
- ❖ Cement
- ❖ Sugar Mills
- ❖ Power Sector.
- ❖ Stone Crasher
- ❖ Container industries
- ❖ Engineering Equipment, Power Press, Al Die Casting Units.

Components for Stone Crasher
